

▶ STAPLE LINE REINFORCEMENT CONFIGURATIONS

for Ethicon and Medtronic Surgical Staplers

PROVEN PERFORMANCE

GORE® SEAMGUARD® Bioabsorbable Staple Line Reinforcement consists of a unique, patented synthetic tissue scaffold that provides consistent, predictable performance.

- **Proven Material.** More than 15 years of bioabsorbable technology research and use.
- **Most Clinical Data.*** More than 60 clinical papers with an established, predictable history.
- **Economic Leader.** By reducing post-op leaks and bleeding, GORE® SEAMGUARD® Reinforcement may contribute to shorter hospital stays, decreased costs, and lower morbidity rates.*
- Available for most staple configurations.
